

6051 Orion BV Courtesy Light

The Orion family of exterior-grade luminaires make an impact in any exterior lighting plan. The all-stainless steel body with visible hex head fixings suggests immediately the marine-grade quality of these fittings. The shadow gap surrounding the lens of the fitting adds further to the luminaire's effect by creating a subtle halo lighting effect when illuminated. This courtesy light version of the fitting incorporates an eyelid feature in order to shine light straight down at the floor and avoid any glare.

GINEICO

- 316 marine-grade stainless steel body with polycarbonate lens
