

8781 Deco A LED Sphere

The Deco A LED fitting brings our latest LED technology to a more decorative piece of lighting design. The frosted sphere beautifully illuminates in a uniform way with no dark areas or shadows. As standard, the fitting has a 30mm diameter stem with an overall product height of 170mm. This however can be changed on request and produced to the desired length. The Deco A fitting features a 150mm diameter base.
