Gea Ceiling Light

GEA: range of recessed or semi-recessed spotlights; the square design meets rounded and smooth shapes in limited dimensions, available as single elements or in adjustable sets of three. Among the many features of Gea Series, peculiar is the versatility of the light in different boat spaces, thanks to the different products declinations; from the single 2W version with formwork or for ceiling mounting, to the version with hidden formwork or with a trim able to combine a single or three spotlights to a maximum power of 6W (3x2W).
